CRP INDUSTRIES NAMES PETER CANNON AS NATIONAL SALES DIRECTOR

Cranbury, N.J., October, 2011 - CRP Industries Inc., a North American supplier of high-pressure paint spray and industrial hoses, as well as synchronous belts and specialty electric motors, has named Peter Cannon to head up its national sales program. As National Sales Director, Mr. Cannon will be responsible for managing the overall sales function in CRP's growing industrial division and keeping the sales department on target in accordance with the company's strategic marketing plan. He will also oversee CRP Industrial's internal and field sales force.

The announcement was made by Guy Renshaw, Vice President of CRP Industrial, who noted, "Peter Cannon comes to us with a great deal of sales savvy and market experience in our core business and a wealth of experience in working with one of leading manufacturers of drive belts for the industrial power transmission industry. We are confident that his leadership and sales skills will make a significant contribution to the success of our division."

Before joining CRP, Cannon was a career employee at Dayco – Carlisle Power Transmission Inc. He spent over 35 years with the company, most recently as Director of Sales/Wholesale & International from 2003 to present, where he was responsible for sales and management for the channel, including operations in the United States, Asia, Europe, the South Pacific and Latin America. Prior to that, he was National Sales Manager from 1998 – 2003. Cannon also served as a Manager Price Control, Customer Service Manager and District Sales Manager.

Peter Cannon holds a BS in Business Administration for University of Cincinnati and is a member of the Mechanical Power Transmission Association, Power Transmission Distributor Association and Outdoor Power Equipment Aftermarket Association.

CRP Industrial is a division of CRP Industries, Inc., one of NAFTA's largest suppliers of specific industrial accessories and applications, and has been a proven partner to the North American industrial hose market for more than 20 years, specializing in custom orders for high-pressure thermoplastic hose. The group consists of four diverse specialty product groups: Tudor hose, ContiTech synchronous belts, Perkse electric motors, and high-pressure
